

# PSIMS JAIL

## Comprehensive Jail Management

*Cushing Systems Inc.*

A complete system for Jail Management with web style presentation provides a familiar environment for users, presenting all data in clear, concise and clickable views. When fully integrated with other PSIMS modules, Cameras, Electronic Fingerprint Systems and State/NCIC, jail officers becomes efficient and effective. May be deployed as a stand-alone system or in conjunction with other PSIMS products for a complete public safety solution.

Detailed Booking Entry. This program features easy flowing screens that are segmented by logical categories. It also allows immediate access to booking record summaries and easy return later to complete missing information.

Booked Person Information

Last Name: HOWE First Name: ASHLEY

## Jail Incidents

- Track jail incidents by type, location, date and time
- Create narratives of jail incidents
- Track involved inmates and officers

## Maintaining Inmate Separation

Keep volatile inmates separate from one another using PSIMS Jail Management module. Once you create a Keep Separate record, the software will display an on-screen warning to alert you if a security restriction will be violated by moving inmates.

Jail Separation Order

Last Name: SMITH  
 First Name: AARON Middle: EUGENE  
 Sex: M Race: W DOB: 01/17/1979

Keep Separate From  
 Last Name: WALLACE  
 First Name: RANDALL Middle: WAYNE  
 Sex: M Race: W DOB: 01/17/1979

Separate By: BLOCK  
 Separation Reason: GANG RIVALRY

Remarks

## Inmate Movement Logs

Record inmate movement in one convenient place using PSIMS Jail Management module. The Inmate Movement Log records the time when inmates are moved in and out of a location.
