

PSIMS Anywhere

Cushing Systems Inc.

No matter the device you are using or where you are, you will now have the PSIMS Suite of applications at your fingertips. With layouts that fit the device you choose.

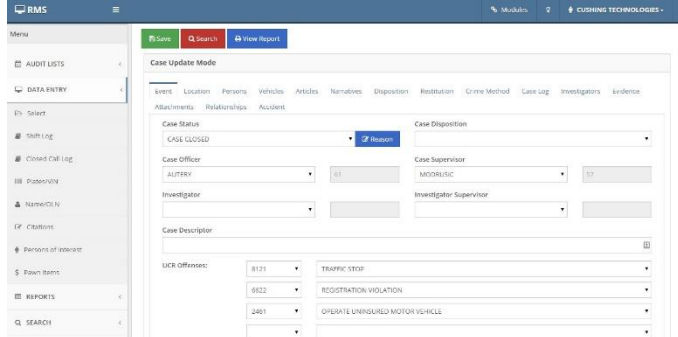

Familiarity

The technology may be new but the flow of data entry has remained similar so you aren't busy relearning a new system. As well as all the applications you use in PSIMS are now in PSIMS Anywhere.

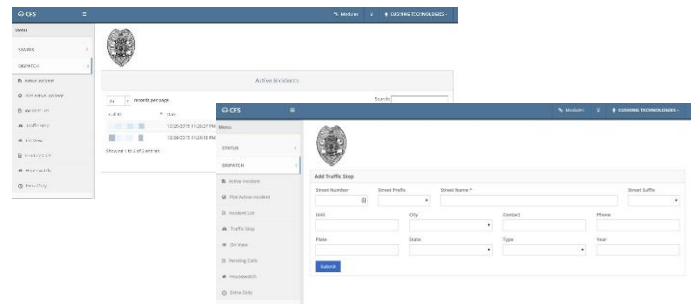

Records Management

Manage your cases with full case entry and editing.

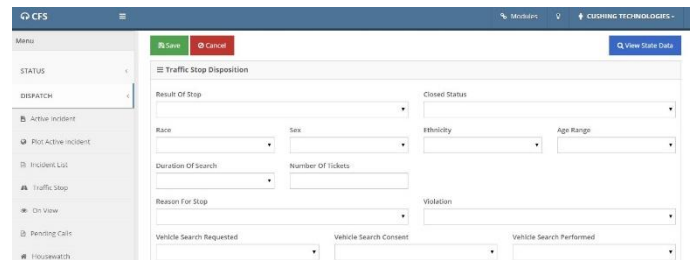

Calls For Service

Ability to get a live feed from an external CAD or initiate your own call.

Disposition based on your state requirements.

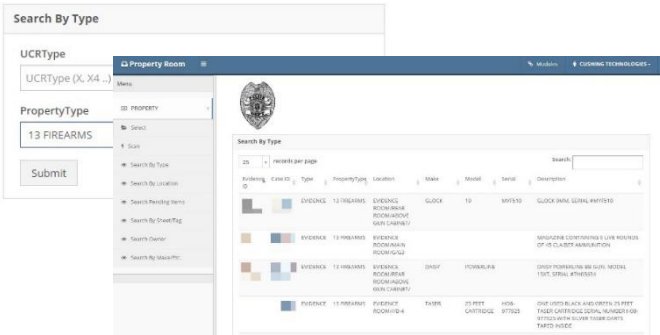

Forms

Print your paper forms with the data prefilled. Use our default forms or we can import your form into the system.

Property Room Management

Manage your property from insertion to destruction.

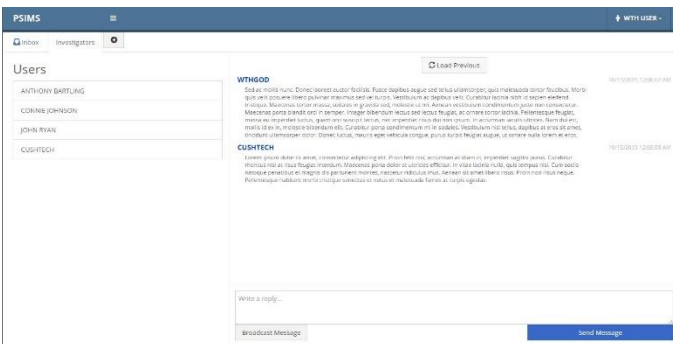

Staff Module

You can now keep up with all of your staffing needs from within the application. Anything from access rights, resetting passwords, medications, etc...

Messaging

Internal real time chat and mail system. Whether you need to an impromptu chat room to discuss details of a case or if you need the ability to send a message to be read by users later, we got you covered.

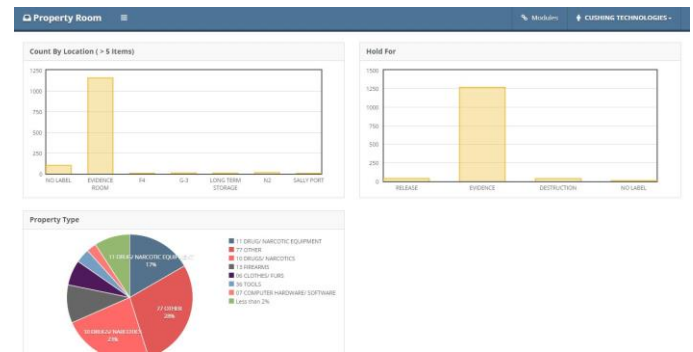

Show Me Queries

A simple wizard that allows you to search on any field and return the results how you want. All without having to know any SQL.

Dashboards

All of your pertinent statistics presented in easy to read graphs on the dashboard of each application in PSIMS Anywhere.

Never Type The Same Word Twice!
